AED Experts Available For Comment

San Diego, Calif. – When looking for a source to comment on the construction equipment distribution market, look to AED.

AED's President & CEO **Toby Mack** has his finger on the pulse of the distributor market across the country, as he spends much of his time meeting with dealers, manufacturers and service firms associated with the CE industry. He can be reached at 630-574-0650, ext. 326, or via e-mail at jtmack@aednet.org.

Bob Henderson is AED's executive vice president and COO. He can be reached at 630-574-0650, ext. 309, or at rhenderson@aednet.org.

Steve Johnson is The AED Foundation's executive director. He can be reached at 630-574-0650, ext. 344, or sjohnson@aednet.org.

Christian Klein is AED's vice president of Government Affairs and legal counsel for the association. He can be reached at 703-739-9513 or at caklein@aednet.org.

Dave Gordon is the vice president of sales, as well as the publisher of *Construction Equipment Distribution* magazine. He can be reached at 630-574-0650, ext. 334, or dgordon@aednet.org.

Kim Phelan is AED's editorial director and editor of *Construction Equipment Distribution* magazine. She can be reached at 630-574-0650, ext. 340, or at kphelan@aednet.org.

Mary Sedor is the associate editor of *Construction Equipment Distribution* magazine. She can assist you in setting up phone interviews with any of the above people, as well as provide photos and AED information. She can be reached at 630-574-0650, ext. 342, or at msedor@aednet.org.

About AED

AED is an association of independent distributors, manufacturers and other organizations involved in the distribution of construction equipment and related products and services in North America and throughout the world. AED members sell, service and rent equipment to markets that include heavy and light construction, mining, agriculture, forestry, aggregates, engines and industrial.
